**330-806-5409 or Jessie at 330-316-**

**1115.**

rEcess is a time of engagement for individuals with autism and their siblings. Activities designed specifically for interaction and enjoyment for all ability levels. Ages 5 to 12.

**Parents:** Do you need a break? Do you need to reconnect to your significant other? How about the grocery store alone? Its your time to do whatever you want while your child is loved and supported.

**Siblings:** Often forgotten on the spectrum of family care. rEcess is **also** a break for siblings to have lots of fun and connect with other siblings who understand what its like to have a sibling with special needs.

**We invite your special needs children and typical children to join us.**
