Executive Functioning and Organizational Skills for Individuals with Developmental Disabilities – Virtual Webinar

You may be interested in attending the virtual webinar offered by the University of Cincinnati Children's Hospital if you want to:

- Understand how “executive functioning” skills play a role in every day decision-making and problem solving; and
- Learn strategies to help to support your child's strengths and challenges when it comes to organization, time management, and memory.

For more information, see the attached flyer.
